International Conference on Palestine Kuala Lumpur 2020 (ICPKL)	17 - 19 Jul 2020	The International Conference on Palestine Kuala Lumpur (ICPKL) is part of an annual conference organised by a coalition of NGOs which is titled “Be Enlightened, Be Inspired to Act.” This conference aim to highlight the following : The Systematic and systemic oppression together with occupation of the entire people is overshadowed by the on-going humanitarian crisis. This blinds the general public from seeing the bigger picture which is the illegal occupation and annihilation of Palestine and her people. The recent trend of normalisation of ties with Israel, especially by Middle Eastern nations, is of grave concern and consequences. The ‘Deal of the Century’ is nothing but a shameless bribe designed to purchase the support of various stakeholders in the obliteration of the Palestinians from their own ancestral land. 'long overdue', KL SUMMIT 2019	conference at Kuala Lumpur Convention Centre on Dec 21, 2019. The International Criminal Court's (ICC) investigation into the Palestinian crisis is "long overdue", says Tun Dr Mahathir Mohamad. The Prime Minister alleged Israel had committed war crimes against the Palestinian people and that they should be tried in court. "If that happens, that is a good result from our meeting. It is long overdue," he said at a press conference after Kuala Lumpur Summit 2019 was concluded on Saturday (Dec 21). It was reported that the ICC chief prosecutor Fatou Bensouda will be launching an investigation into alleged war crimes in the Palestinian territories. Dr Mahathir related that when Malaysia tried to send aid and provisions to the Palestinians, they were stopped from doing so. "Our ships were detained, including also ships coming from Turkey.	crisis-is-039long-overdue039

		They were not allowed to go and deliver aid to Gaza. "This was done in international waters. You cannot do those things in international waters. If we invade their national waters, then yes they can take action. "But we were at international waters, they came with their gunboats, stopped our ships and towed our ships to their ports. Until now we don't know whether the aid that was intended for Gaza was delivered. In the process, nine people were killed," he said. In 2010, a flotilla of boats – which included a delegation from Malaysia – were detained by Israeli forces in international waters while sending aid to Gaza.	
International Conference On The Question Of Palestine Southeast Asian Support For The Rights Of The Palestinian People	28 February 2020	Tun Dr Mahathir Mohamad has called on Asean to extend a united front in backing the Palestinians. The interim prime minister said Asean member states should continue their cooperation not only in the realms where they have been consistently growing together but also in the pursuit of justice and peace for the oppressed.	https://www.thesundaily.my/local/mahathir-calls-for-collective-asean-support-for-palestinian-rights-AE2060211

		“Our collective voice regionally should espouse more than just economic development. We should also extend a united front in supporting the rights of the Palestinians,” he said in his keynote address at an international conference on Palestine here today. Mahathir said all platforms available, both Asean and non-Asean, should be used to continue voicing concerns and registering outrage over the inhumane and barbaric acts that the Tel Aviv regime has inflicted on the Palestinians. “We are duty bound and this responsibility is further amplified when powerful nations that had styled themselves as defenders of justice and freedom choose to be silent while the atrocities are being committed. And we cannot afford to practise double standards where gross injustice is concerned,” he said. Mahathir again condemned the so-called ‘Deal of the Century’ peace plan proposed by the United States to resolve the Israeli-Palestinian conflict. “The unilateral announcement endorsed and instigated by the Israelis without any attempts for dialogue or negotiations with Palestinian representatives from the West Bank or Gaza is a mockery of international efforts to find a solution to the Palestinian-Israeli

		ongoing crisis,” he said. The deal foregoes key issues at stake for a just solution, he said, noting that it would, among others, abolish the right of return for Palestinian refugees displaced by the 1948 war and their descendants - a key Palestinian stand. Mahathir underscored that Malaysia’s foreign policy towards Palestine has remained the same since it became an independent nation. “We will always support the Palestinian cause,” he said. He also said that Malaysia stands by its position that the creation of an independent State of Palestine through a two-state solution based on the pre-1967 border, with East Jerusalem as the capital of Palestine, is acceptable.	
Muhyiddin: PM's Gaza visit reaffirms Malaysia's support for Palestine	24 Jan 2013	Datuk Seri Najib Tun Razak's humanitarian visit to Gaza on Tuesday has made the world aware of Malaysia's concern for the Palestinians and the need to stop Israeli aggression, said Deputy Prime Minister Tan Sri Muhyiddin Yassin. He said the ground-breaking visit by the prime minister would further strengthen Malaysia's role in leading international initiatives, particularly among Muslim countries, in fighting for freedom and	https://www.thestar.com.my/news/nation/2013/01/24/muhyiddin-pms-gaza-visit-reaffirms-malaysias-support-for-palestine

		peace in Palestine. "The prime minister and his wife's (Datin Seri Rosmah Mansor) historic visit is a symbol of Malaysian's undivided support to the Palestinian struggle for freedom from the Zionist regime," he said in a statement Thursday. Congratulating Najib and Rosmah for the successful mission, Muhyiddin said Malaysians should be proud of the courage shown by the prime minister to visit Gaza to see for himself the suffering of the Palestinians. Muhyiddin said the visit reaffirmed Malaysia's continued support to the Palestinian cause by extending whatever assistance required. "We are proud that Datuk Seri Najib's visit to Gaza was the first by a non-Arab head of government," said Muhyiddin. The visit was also the first by a Malaysian prime minister. "We hope the merging of the two organisations (Fatah and Hamas) through the unity government, the struggle to liberate Palestine from the clutches of the Zionist regime can be achieved faster," he said. Muhyiddin said Najib's courage and commitment in the humanitarian mission to Gaza would inspire the people to continue to uphold the sacred struggle of the Palestinians to free their homeland.

		"I pray that the prime minister and the people of Malaysia will always be given the strength by God to continue to support the Palestinian cause. "May the continued support of the world community to the Palestinian cause, Palestine will become peaceful, free and independent again," he said. Meanwhile, Muhyiddin and his wife, Puan Sri Norainee Abdul Rahman expressed their condolences to the family of Chong Chung Ngen, who was killed in the hostage-taking incident at an oil and gas complex in Amenas, Algeria. "We hope the family will remain patient in facing this test," he said in a statement. Yesterday, Foreign Minister Datuk Seri Anifah Aman confirmed that Chong, who was one of two Malaysians reported missing during the hostage drama, was killed and arrangements were being made to bring the body home. Another Malaysian hostage, K. Ravi Kuppusamy, 48, was safe and returned to Penang yesterday.

Why the silence over Palestine, Dr M slams powerful nations	28 February 2020	Interim Prime Minister Dr Mahathir Mohamad has taken powerful nations and self-proclaimed "defenders of justice" to task for their silence over the injustice and cruelty inflicted on the Palestinians by the Tel Aviv regime. 		friends and allies commit all these wrong deeds,” he said in his speech at the International Conference on the Question of Palestine, here. The theme for this year’s conference is Southeast Asian Support for the Rights of the Palestinian People. Mahathir said while Malaysia wanted to be friends with every country and respected their sovereignty regardless of their ideological beliefs, “we must continue to speak against injustices and in defending the rights of the oppressed”. He said Malaysia’s foreign policy on Palestine had always remained the same. “We will always support the Palestinian cause,” he said, adding that Malaysia acknowledged the Palestinian Declaration of Independence proclaiming the establishment of the State of Palestine on Nov 15, 1988. He said Asean countries had successfully made in-roads in terms of integration in economic development, political systems, ethnicities and cultural backgrounds and they should also fight for justice and peace for the oppressed. Mahathir also described “the deal of the century” put forward by the United States as part of it’s solutions to resolve the Israeli-Palestinian

		conflict as the ultimate in dishonest brokerage. He said the deal ignored key issues, such as the return of Palestinian refugees displaced by the 1948 war and their descendants. Mahathir said to suggest East Jerusalem as Israel’s national capital would grant Palestine limited autonomy in parts of the West Bank, if at all. “At the same time, it would allow Israel to annex all its settlements there and keep nearly all of East Jerusalem,” he said, adding that Israel would get Washington’s permission to annex all of its illegal settlements, now littered across the West Bank, as well as the vast agricultural basin of the Jordan Valley. Mahathir called for the Palestinian issue to be resolved according to the United Nations’ resolutions and international laws.
