

Kikwete set to grace UDSM research exhibition week

Dar es Salaam. The University of Dar es Salaam (UDSM) is set to hold its 5th research week exhibition, which will bring together various stakeholders and the public to discuss various ways that research findings can contribute to the achievement of the country's vision 2025.

Themed: Research for Inclusive and **sustainable** Development, the three day event, which will start on 6, will be officiated by among others, its Chancellor and former President Jakaya Kikwete.

Speaking to journalists yesterday, UDSM's director of innovation and entrepreneurship, Dr. Ambrose Itika, said the event also aimed at providing the opportunity for various researchers to showcase their research based solutions for a range of societal challenges to the public.

Dr. Itika also hinted that the week was an opportunity for the campus to identify its main roles in research such as displaying various research findings, innovation, community services and exchange of knowledge
